CFWC recognizes role of volunteer

Have you ever thought of the role of the volunteer?

Workers like yourself, who put in countless hours of free, volunteer hours to make this world a better place in which to live?

The members of the organizations to which you belong, who find the meeting places, who bake the cakes, cook the lunches, set the tables, arrange the flowers, furnish the transportation, organize the rummage sales, write the invitations, bank the money, paint the posters, plan the publicity?

Have we ever thanked these dedicated workers, or thought what some of these services would cost if the volunteers had to be paid by the hour?

The following Resolution was adopted early this summer at the California Federation of Women's Clubs convention held at the Biltmore Hotel in Los Angeles.

BLOWING THE WHISTLE — Arcadia Councilwoman Floretta Lauber "blows the whistle on crime" as Arcadia Police Chief Charles Mitchell comes to her rescue. The Woman's Club of Arcadia with the cooperation of the police department is campaigning to provide every woman with a whistle to carry on her key chain as a means of defense against attack. The idea was brought to the club by Mrs. Lauber, following a state meeting of city officials.

Woman's Club Fights Crime With Whistles

"Blow the Whistle On Crime", the city-wide citizens' program sponsored by the Woman's Club of Arcadia, has spread from the local area to encompass other cities in the San Gabriel Valley, with requests continuing daily for whistles from both local and valley people.

In addition, the Arcadia club has received requests for speakers to present the program. The requests will be filled, according to Mrs. Floretta Lauber, a member of the Arcadia City Council, who brought the program to the Woman's Club when her attention was drawn to a purse-snatching incident involving a member of the organization.

Mrs. Lauber enlisted the services of Arcadia Police Chief Charles Mitchell in developing the project which has the full backing of the Arcadia Police Department.

Mrs. Harold Shepherd, local community improvement chairman, Verdugo District, CFWC, states, "Nearly 1,000 whistles have been distributed to date with requests for more arriving daily. The Woman's Club will have no problem in filling any requests, whether for 1,000 whistles or for four, whether from an individual or from a group."

Members of the committee and the club have been pleased and surprised with the tremendous reaction of citizens to this drive on crime. Inasmuch as the Arcadia club has served the community for many years in many civic betterment capacities, members of the group are glad

to be able to meet what appears to be a great need in their city."

Committee members who have whistles appointed by Mrs. William Milner, president of the club, are Mmes. John Milam, 446-7377; B. Pierson Waite, 442-0701; Victor Eichburg, 447-0828; Harry Walker, 446-9651; Jack Mallon, and Shepherd, 358-6972. Members of the Junior Woman's Club are working on the project; Mrs. Douglas Dick, 446-3550, will accept requests for whistles.

Object of the drive on crime is to see that all women in Arcadia have in their possession at all times a whistle and that they understand how to use it.

"Make sure your whistle is attached to your car or door key ring. Remove the keys and whistle from your purse before approaching your car or front door, carry the ring in your hand. You are then provided with a ready weapon which will enable you to summon help fast," Mrs. Shepherd explained.

Requests for the whistles have come from individuals residing in condominiums; women employees of many industries; individuals hiking and skiing in mountainous areas. Some requests have been received from men, Mrs. Shepherd observed, and they are welcome to the program.

Chief Mitchell has expressed his satisfaction with the response and interest shown by the Arcadia residents to the program which he, together with Mrs. Lauber, was instrumental in developing.

Arcadia Club Kicks Off Blow Whistle on Crime

The Woman's Club of Arcadia is sponsoring a city-wide citizens' program, "Blow the Whistle On Crime." Objective of the drive is to see that every Arcadia woman has in her possession a police whistle in readiness to use at all times.

Adoption of the program was triggered when one of the club members was a victim of a purse snatcher in the early afternoon less than a block from the clubhouse. The matter was drawn to the attention of Councilwoman Floretta Lauber, a past president of the organization, when learned of the whistle program while attending a meeting of the National League of Cities in

Houston, Tex., where she was presented a whistle by the chief of police of that city.

Mrs. Lauber then talked with Arcadia Police Chief Charles Mitchell who assisted in the gathering of information, statistics and implementation of the program which was presented to the Woman's Club members. They unanimously voted to begin their drive on crime.

Mrs. Harold Shepherd, community improvement chairman, Verdugo District CFWC, is working with a committee appointed by Mrs. William Milner, club president. All members of the committee are ready to supply whistle to all groups and individuals in Arcadia. Members are Mmes. John Milam, 446-4377; B. Pierson Waite, 442-0701; Victor Eichburg, 447-0828; Harry Walker, 446-9651, and Jack Mallon.

"Blow the Whistle On Crime" has the full support and backing of the Arcadia Police Department, according to Chief Mitchell.

Mrs. Shepherd stresses the goal of the club — total involvement of all women in the city. Interest in the project is enormous and is expected to grow.

The method of combatting crime is to make sure that you have a whistle that is attached to your car or door key ring and that you remove the

purse, carry it in your hand as you approach your locked car or front door. In that way there is a ready weapon available to you whose sound penetration is louder than a scream. The whistle has proved a deterrent to petty crime in many communities and it is a fast way to obtain needed help.

The Junior Woman's Club of Arcadia is assisting the senior group in seeing that all women of all ages in the city have a whistle in readiness to use at all times.

BLOW THE WHISTLE ON CRIME!

- If attacked . . . cries for help have discouraged many criminals and have often resulted in their capture. A Police Whistle is an effective device to summon assistance or to ward off an attacker or to attract attention to a crime being committed against someone else.
- The Whistle blows louder than you can scream.
- The whistle dangling from your key chain makes it easily recognizable and readily available.
- Carry your key chain and whistle in hand when walking from your car to your destination, and from your destination to your car.
- Your purse is the criminal's target! Carry a small wallet or place your valuables in your pocket.
- Walk near the curb and avoid passing near shrubbery and other places of concealment. Shun shortcuts.
- Every time you use your keys you are reminded either consciously or subconsciously that you are one of the good citizens of the community interested in supporting the police and reducing crime.
- There were 51,000 rapes reported in 1973. For every one rape reported, 3-10 are NOT reported.

Mrs. Carroll E. Miller, president of the General Federation of Women's Clubs, has announced that a collection of the GFWC Official United States of American Bicentennial Plates has been accepted for permanent display at the historic Freedoms Foundation at Valley Forge, Pa.

A presentation of appropriate significance took place recently at Valley Forge. Here on the same site where George Washington and his troops

spent the bitter winter of 1777-1778, Mrs. Carroll E. Miller presented to Reed Harris, president of Freedoms Foundation, the collection of handmade glass plates designed to commemorate the nation's 200th birthday.

Three plates were accepted for permanent display and the fourth and final plate will be presented in 1976.

A feature of the presentation was the fact that the 1975 Bicentennial Commemorative Plate

depicts Washington praying at Valley Forge.

"This made the presentation more exciting," Mrs. Miller explained. The third plate was officially issued Jan. 1, 1975.

Three years ago, in an effort to celebrate our nation's Bicentennial and to rekindle the wondrous "Spirit of '76," the GFWC commissioned an American artist to sculpture in glass a series of four collector's plates which will in their entirety depict a complete and

moving "Portrait of Liberty."

Each plate in the four-part series features a scene depicting one of the four major movements of the American Revolution and one is released each year on Jan. 1, for the four consecutive years preceding the actual Bicentennial Celebration.

1973 — "The Seeds are Sown" — Patrick Henry addresses the Virginia Convention.

1974 — "Independence is Declared" — Thomas

Jefferson drafts the Declaration of Independence.

1975 — "A Test of Courage" — Washington prays at Valley Forge.

1976 — "Liberty is Proclaimed" — three new Americans ring the Liberty Bell.

This beautiful handmade commemorative collection is being designed and produced by the prestigious Fenton Art Glass Company at Williamstown, West Virginia.

Authors to be guests of Woman's Club

The Woman's Club of Arcadia is completing plans for the annual "Meet the Authors" luncheon to be held Wednesday, Feb. 13 at the clubhouse, 324 South First Ave. A noon luncheon will be served by Mrs. Joseph Parnham and her committee. Donation is \$3.50 and reservations are requested by Feb. 14. The annual event is sponsored by the Literature Department whose chairman is Mrs. W. P. Johnson. Mrs. Carlton Eckermann is chairman of the day.

The authors will include Jack Smith, John Dudley Ball Jr. and Ethel Jacobson, who has appeared before on the authors' luncheon.

Mr. Smith, a native Californian, began his newspaper work in the late 30's as a sports reporter for the Bakersfield Californian. In subsequent years he worked for the Honolulu Advertiser, United Press in Sacramento, Sacramento Union, San Diego Journal, Los Angeles Daily News, Los Angeles Herald Express and in 1953 he went to the Los Angeles Times as a reporter and writer, and in 1958 became a columnist for the Times. In World War II he served with the U.S. Marines as a combat correspondent.

A collection of his Times columns was publicized by Doubleday in 1956 as "Three Coins in the Birdbath." A second collection was published in 1970 as Smith on Wry or the Art of Coming Through. His latest book "God and Mr. Gomez" also tells about the building of a dream house in Baja.

John Dudley Ball Jr. of Encino will discuss his recently published book "Mark One-The Dummy." He will also talk about his book "The Fourteenth Point," a unique book with a story behind it. It is based on the religions of the world and the author researched material for two years. Mr. Ball is listed in "Who's Who in America," and his activities included that of on the staff of Fortune magazine, assistant curator, Hayden Planetarium, New York City and serving with the Air Transport Command during World War II.

The public is invited to attend this outstanding program. For reservations call Mrs. Eckermann at 355-0240.

ALL ABOUT BOOKS — Mrs. Carlton Eckermann (left), William Milner and William Johnson discuss plans for the annual "Meet the Authors" luncheon to be held at the clubhouse on Wednesday, Feb. 13. The community is invited to join club members for the event.

Arcadia Woman's Club plans annual event

The Woman's Club of Arcadia will hold the annual "Meet the Authors" luncheon on Wednesday, Feb. 13 at the clubhouse. A noon luncheon will have the gourmet cook, Mrs. Joseph Parnham as chairman of the day.

This traditional event, always looked forward to by members of the club and the community as well, is under the chairmanship of Mrs. Carlton Eckermann and the Literature Division. Mrs. W. P. Johnson is chairman of the division. Donation is \$3.50 for the luncheon and deadline for reservations is Feb. 14.

The first Authors Luncheon was held 11 years ago and it was the "dream" of Mrs. Bruce McAbery, who has since moved to Salinas. Mrs. McAbery is expected to be on hand Feb. 19.

Authors to be introduced and talk about their books will be Jack Smith, columnist and author, John Dudley Ball Jr. of Encino and Ethel Jacobson, who has appeared on the series before.

Mrs. William Milner, president, extends an invitation to the community to join members for the day.

Authors tell why and how they do it

A "Lady Poet", a newspaper columnist who also finds time to turn out books, and an author whose latest work was inspired by a visit to a Mosque in Casa Blanca, Morocco, recounted their experiences as writers for a capacity audience at the Woman's Club of Arcadia last week.

It was the club's annual "Meet the Authors" luncheon and the guests were John D. Ball, Ethel Jacobson and Jack Smith.

Mrs. Carlton Eckermann, chairman of the day, presented Mrs. William Milner, club president, and Mrs. William Johnson, chairman of the literature and drama division.

John Ball was introduced first and assured his listeners that he felt privileged in sharing the podium with his colleagues, especially his old friend, Ethel Jacobson.

Mr. Ball roughly divided writers into two classifications — those who write for entertainment, fast moving stories largely published in pocket editions and those who write accurate, reliable novels with a "you were there" feeling plus the added inducement of being both entertaining and of bringing the reader some new knowledge.

According to Mr. Ball, the main question posed an author is where he obtains his ideas and how they are utilized in developing a book. John Ball stipulated that an author must know what he is going to do, he must be receptive to ideas where and whenever they present themselves. "A chance remark, overheard — a passing thought" can generate an entire novel. As an example, the author mentioned a period when he was in Casa Blanca, Morocco. He had just learned that his father was terminally ill. He went out for a walk — found himself near a Mosque and after removing his shoes and washing his hands, entered. He was questioned as to his presence, obviously he wasn't a Muslim. However, after explaining his distress of mind and need of prayer, he was told, "Welcome Sinner, to the House of the Lord." 25 years later, this episode grew into his latest book, "The Fourteenth Point."

When John Ball decided to write his book on the religions of the world, he was firmly discouraged by publishers, although all agreed that there had never before been published a book on the subject. Their objection was that the book might not sell.

Mr. Ball researched the book for two years, attended 600 religious services all over the world. He had an interview with what he describes "as one of the most sublime, magnificent persons I have ever met", the Delhi Lama.

He described a court decision based on a Book Tower bequest to a university which

resulted in the Council of World Religions. The organization had two main problems; selecting a day when all the religions could meet and what kind of food could be served. Mr. Ball observed the resulting decision was, possibly a Tuesday and the menu would have to consist of celery soup.

Ethel Jacobson, famous for her light verse and her love of cats as well as for her sense of humor, discussed her life as a "lady poet". She became interested in the field of writing when she happily became aware that somebody would pay for her verse.

Her advice to any budding author is "do not weep over rejections or notations from editors to the effect that 'We're sorry, but God isn't selling this year'."

In as much as Mrs. Jacobsen was paid by the line, she convulsed the audience by describing a poem she had written with one word to a line, but with a very long title. She stressed that "what one writer hates is to be topped by another writer, or bottomed as the case may be."

Jack Smith, columnist for the Los Angeles Times and whose latest book is "God and Mr. Gomez", announced that his book is not a religious one. From that point he diverged to observe that "writers talk when they are better off to stay in their cubbyholes and write, people are always disappointed when they see me."

He has overheard remarks in his travels, at UCLA where he was giving a talk on journalism, one individual said, "I thought he'd be older." The response was, "He's not that young."

Mr. Smith happily pointed out to his audience that personally, it is upsetting to him that people do not believe him. He had been questioned about a remark made in his column to the effect that his wife puts out the garbage. He assured the Woman's Club audience warmly that this really maligned him, his wife does NOT put out the garbage. "She puts out the trash cans," said Mr. Smith.

"God and Mr. Gomez" is the story of building the Smith dream house whose location is 100 miles below the border in Baja California. The site was selected more or less inadvertently, and possibly by Mr. Gomez. The dream house began to be a reality when Jack Smith and his wife went to Indio to attend the Date Festival only to discover that they had arrived two weeks before the event. The columnist made another discovery, "A woman who is packed for a weekend will not go home ahead of time" and so the journey to Baja was made.

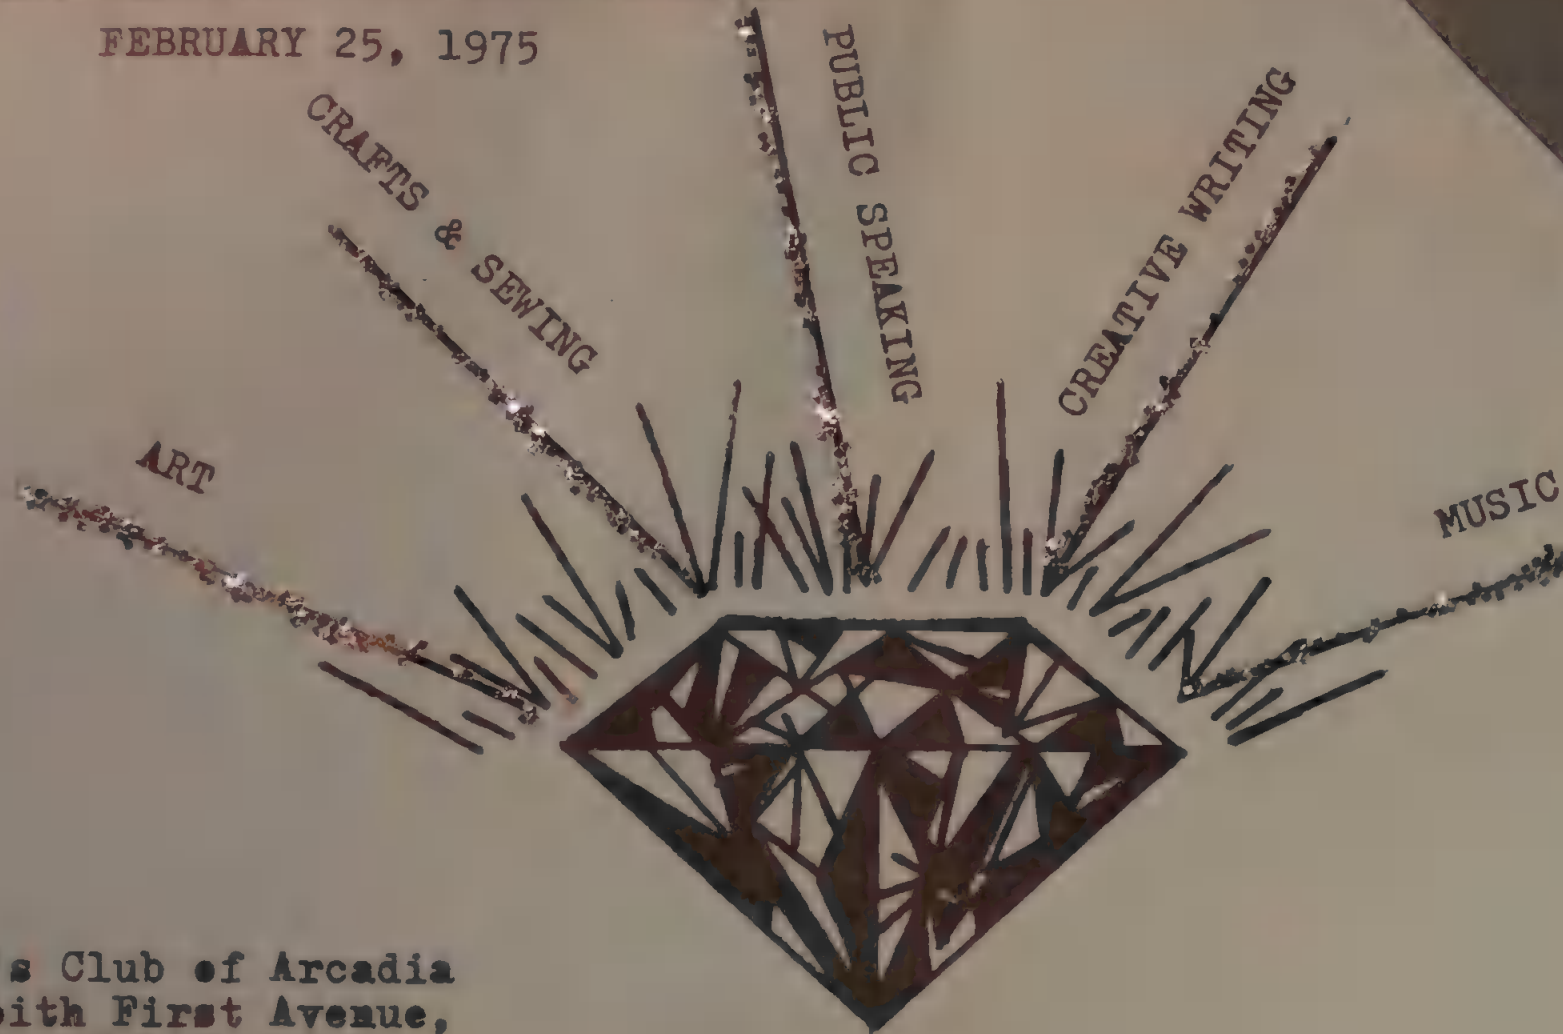

Luncheon was chairmanned by Mrs. Joseph Parnham, hostesses were under the direction of Mrs. Robert Gray who also presented an Americanism and Heritage report at the beginning of the program.

The Juniors are coming! The Juniors are coming!

Members of the Arcadia Junior Woman's Club will be in Arcadia County Park Friday from 1 to 3 p.m. to celebrate Paul Revere's historic midnight ride and to begin their own 1975-76 membership drive.

"The Midnight Ride of Paul Revere" by Longfellow has been memorized by countless children since the poem was written. "On the 18th of April in '75 . . . Revere rode from Boston to Lexington to arouse the Minutemen with his shout 'The British are coming. The British are coming.'"

Throughout America's Bicentennial celebration, the Arcadia Juniors

will tie the club's activities to historic events. Members will dress as Revere and as Minutemen for their membership drive.

The club is open to women 18 to 35 years old who are interested in volunteering their time and energy to serve the community. Past projects have included the Braille Trail at Wilderness Park, the Diabetes Bike-a-Thon, and helping staff members of the Arcadia Parks and Recreation Department.

Members are helping administer tests for early detection of kidney disease and plan to make crib death information one of their major projects. Other things now in the planning stage are participating in a health

fair and a "thieves market" later this year.

The Juniors would like to increase the number of active club members so they can expand their community projects. Those who want more information may contact Marilyn (Mrs. Michael) Daleo, membership chairman, at 445-3448.

Arcadia Juniors supports all phases of education, from preschool to college, including educating the consumer, appreciation of the fine arts, educating the public to the causes of mental illness by prevention of narcotics and alcohol abuse, and advising the public regarding the rules of safety. They work to maintain youth projects with strong emphasis on delinquency prevention.

Civic Day Luncheon

The Woman's Club of Arcadia will continue its long-standing custom of honoring officials and personnel of the city of Arcadia at its annual Civic Day luncheon on May 7, with Mrs. Harry M. Lauber as chairman.

Early in the century a group of Arcadia women formed a social organization which was also interested in civic affairs. From this group the Woman's Club evolved in 1914, with meetings being held in homes, the Presbyterian Church and the city hall.

Their interest in books led to the first lending library in Arcadia, which continued until 1920 when the present library system was established by the City Council. The club also sponsored the organization of the Arcadia Historical Society and the original Arcadia Beautiful group.

Continued interest in civic affairs makes this luncheon a highlight of the club year, according to Mrs. Lauber. Luncheon reservations may be made with Mrs. Carlton Eckermann, 355-0240.

OPEN HOUSE — Robert McVann, chief physician of the Monrovia Health Center, is assisted by Mrs. William Milner and Mrs. Gay Wagner in preparation for the center's open house next Friday. The public is invited for tours, an introduction to the services available at the center and refreshments. The event will be held from 2-4 p.m.

LOCAL HEALTH CENTER OPEN HOUSE PLANNED

Visits to medical centers usually aren't much fun, but the Monrovia Health Center promises a good time Friday for those who attend its first open house from 2 to 4 p.m.

Small group tours to acquaint visitors with the center's services, entertainment by local students, and refreshments will highlight the activities which have been planned by the staff and community volunteers.

Naomi S. Rosen, health director of the San Gabriel Valley Region, said she hoped the open house would be an opportunity for the public to meet the center's staff and to become familiar with the medical services offered.

The center serves nine San Gabriel Valley communities including Arcadia, Duarte and Monrovia. While it tries to reach those people who do not have private medical care, the center is open to everyone.

Rosen said the center provides a number of services that the public knows very little about. Most of them are free, except blood tests and copies of vital statistic documents.

For example, the center offers hearing

and vision screening tests for children and immunization for both youngsters and adults.

Most people think polio is gone and that the measles are just childhood diseases," said Rosen. "It's hard to make people realize they have to keep up on this. We anticipate an increase in these diseases if people aren't careful."

She suggested bringing children in for their shots at an early age. "The bigger they are, the harder they fall," she joked. "The big ones learn to be afraid."

The center's staff includes two full-time and four part-time physicians, 15 nurses and a pediatric dentist twice a week.

Besides inoculations, the center has a venereal disease clinic, hosts Planned Parenthood weekly, offers maternal care, X-rays, environmental health services, health education, social workers, nutritional counseling, and mental retardation testing.

Most services are available from 8 a.m. to 5 p.m. weekdays and although bilingual aides are available, Rosen said the center is looking for more to volunteer. The center is located at 330 W. Maple Ave., Monrovia, and parking is available.

Public Schools Week April 21-25

An Inter-Service Club Luncheon is scheduled for Tuesday, April 22, 1975, at the Arcadia Masonic Temple to commemorate Public Schools Week, April 21-25.

Sponsored by the High Twelve Club, the luncheon and program will attract more than 400 service club members of Arcadia from the Altrusa, Civitan, Exchange, Kiwanis, Lions, Optimist, Quota, Rotary, and Soroptimist Clubs, the Arcadia Woman's Club, and the American Legion.

Master of ceremonies is Marcus Woodward, past president of High Twelve Club, who will extend greetings to the assembly.

Louis Black, International President of High Twelve, will present Arcadia High School seniors who have been named National Certificate of Merit Finalists. Recipients of Valley Forge Freedom's Foundation Awards will also be honored.

Superintendent of Schools Dr. Edward V. Ryan will introduce a special school district program entitled "Behold Our Land." Featured on the program is the Arcadia High School choir under the direction of James Neumeister. Narrator is Dave Cheves, Arcadia High School speech student.

The Inter-Service Club Luncheon was initiated in 1966 under the sponsorship of the High Twelve Club and the school district administration. The occasion has been a featured part of Public Schools Week for the past ten years.

Public Schools Week in California is celebrated during the last week in April. At this time citizens are urged to visit their schools and participate in planned activities with students and school personnel.

The theme this year for all citizens is "Public Schools - Freedom's First Frontier."

Representatives from the following organizations are members of the Planning Committee: Arcadia Unified School District, Arcadia Masonic Lodge, Altrusa, Civitan, Exchange, High Twelve, Kiwanis, Lions, Optimist, Quota, Rotary, Soroptimist, and Woman's Clubs, and the American Legion.

Juniors preparing for Verdugo district meeting

The Arcadia Junior Woman's Club will send six delegates to the convention of the Verdugo Metropolitan District, California Federation of Women's Clubs (CFWC), Junior Membership. The 18th annual convention will be held in Santa Barbara.

Activities during the two-day event will include awards for outstanding service, individual club reports, workshops, and installation of new district officers.

"Delegates attending will be able to enjoy each other's company and share the rewards of learning the community services performed by the 10 clubs that comprise the Verdugo district," says Janice Knight, Arcadia Juniors president.

Besides Mrs. Knight, official represen-

tatives from Arcadia will be Janice Brand, immediate past president; Sue Newton, dean of chairmen; Jill Beley, ways and means chairman; Romilda Lovrensky, federation chairman; and Marilyn Daleo, membership chairman.

"Spreading a Little Sunshine" is the convention theme.

"California Federated Woman's Club is divided into 18 districts. The motto is 'Strength United Is Stronger' and that best explains why Arcadia Juniors is part of the federation. Through strength and united efforts, it is possible to accomplish much for the benefit of the club and for Arcadia," says Mrs. Knight.

Juniors help with testing

Arcadia Junior Woman's Club members, constantly showing their interest in helping children, now are helping Southern California Kidney Foundation conduct tests for urinary tract infection and high blood pressure in children.

They assist nurses to record test information and provide a shuttle service from between the schools.

Civic Awareness Day's Focus on Library Aids

By ELIZABETH BACON
Staff Writer

"Each of us has a secret desire," Arcadia Librarian Richard Miller confessed to those gathered for Civic Day at the Woman's Club of Arcadia Wednesday. "That desire is to walk into a room and blow a whistle."

On cue, circulation department head Helen Lawrence stood and blew a police-type whistle loudly.

That out of his system, Miller went on to discuss some of the things available at the "full service" facility.

Miller said theft has been one of the library's problems in the past, but with the new book security system, it is virtually impossible to steal library materials. "It's not that people steal, they just forget to check books out. In recent weeks, lots of people have been reminded that they haven't taken books out from under their T-shirts before they leave the library," Miller said.

He estimates the device, which sounds an alarm and locks the gate when an un-cleared book is taken beyond the checkout stand, will pay for itself in two years. Before the system was installed, Miller said, approximately \$18,000 worth of materials was stolen each year.

Miller said his mission is to promote reading and furnish library services to the total community. While the library has the largest circulation for its size in the state,

400,000, Miller says the demand for fiction is not that high. More non-fiction is circulated in Arcadia, he said.

Because Arcadia is a member of the inter-library loan program, almost any book can be ordered through the local library. Other features offered by the library are films, recordings, telephone reference and translating services.

Because the library is a community library, it is used for recitals, literary programs of community interest, etc.

The library within a library, the children's section, is for young people through sixth grade. "In no way are we baby-sitters," Miller said. The staff expects parents to supervise what their children read.

Seventh grade children are allowed to use the adult section because, Miller said, seventh grade work is more demanding than it used to be.

Following his presentation, Miller showed a film and was presented with certificates for planners and a solid walnut table from the Woman's Club.

Civic day is held each year by the group. Elected officials, city department heads, commission members, and school representatives are invited and introduced. At the last for many years, city Councilwoman Patricia Lander served as chairman this year, but said it would be her last.

Verdugo District

Woman's Club presidents of Verdugo district clubs have been invited to introduce their successors at the district meeting to be held Tuesday, May 13, at the Twentieth Century Club in Los Angeles.

Mrs. Edward W. Smith, district president, will open the meeting at 10 a.m. and call for reports.

Area women to attend CFWC state convention

A theme reminiscent of the early 1900s will attract members of 765 women's clubs in the state for the 75th "Diamond Jubilee Convention" in honor of the 75th birthday of California Federation of Women's Clubs (CFWC).

The three-day event is set for May 9 to 11 at the Sheraton Harbor Island Hotel in San Diego. Attending from this area will be Mrs. William Milner and Mrs. Raymond M. Kennett, president and vice president of Arcadia Women's Club; Mmes. Albert Wickstrom, William Matthews, Clarence Bettis, and Waldon Calamia, president of the Temple City Club; and Mrs. Verne Smith, president, and Mrs. Robert Harbicht of the Duarte club.

Convention speakers, who will be transported from the airport to the hotel by the Horseless Carriage Club of America, are March Fong Eu, California Secretary of State; Mrs. Harry Wanger, Jr., of Arizona, first vice president of the General Federation of Women's Clubs (GFWC); and mayor of Prescott, Ariz.; and Mrs. Irvin Lothe of Wisconsin, GFWC conservation department chairman.

Katherine Ainsworth of Monrovia, author, lecturer, and book reviewer, will speak at one of the luncheons. She has been librarian of the Monrovia Library for 15 years and is listed in Who's Who of American Women, Who's Who in Librarianship, Dictionary of International Biography, and World Who's Who of Women.

Musical entertainment for the convention luncheon and banquets will be played by the Balastrieri Symphonic Orchestra.

Mrs. James Emrick, public relations specialist for Standard Oil, will speak at one of the luncheons. She is chairman of California Association of Women Safety Leaders and director of Region IX, California Traffic Safety Foundation, and National Association of Women Highway and Safety Leaders.

Club Works To Serve Arcadia

"1975 — Community Improvement Project" developed by the Woman's Club of Arcadia resulted in the presentation to the Arcadia Public Library of a number of gifts.

In determining the needs of the library, Dick Miller, librarian, was consulted by Mrs. Harold Shepherd, community improvement chairman.

The solid walnut table located in the Reference Room, holding book displays and centered with a two-sided bulletin board, was one gift. Plants at the entrance, the large planter in back of the screen in the rotunda together with azaleas (now planted in the

garden patio area) were others.

The Woman's Club of Arcadia has a history of participation in all community activities and a long-standing interest in the growth of the library. The group began the first lending library in the city in the early 1900s.

The outgrowth of that project resulted in a library system, formed in 1920, leading to today's million-dollar structure.

The community improvement project was developed as an outgrowth of the "Blow the Whistle on Crime" program, conducted by the club and also chairmaned by Mrs. Shepherd. Councilwoman Floretta Lauber presented the idea of the whistles to the group; the drive on crime was also backed by Arcadia Police Chief Charles Mitchell.

In a period of less than two months, 2,000 whistles were in the hands of members of the community, placed there by members of the Woman's Club. President of the group is Mrs. William Milner.

CLUBS HAILED

Volunteer activities praised

By DARLA WELLES

Volunteerism, the backbone of club work, provides an equally vital supportive structure within American society as a whole, according to Mrs. Harry F. Wagner Jr., first vice president of the General Federation of Women's Clubs.

Mrs. Wagner expressed that view in an address to delegates at the California Federation of Women's Clubs Convention last night in the Sheraton Harbor Island Hotel.

"Volunteerism," she told her listeners in exhorting them to be consistent and dedicated in their club and community works, "is a part of democracy in action in this country. It will be a sad day for all of us if it ever ceases to be an important part of American life."

She described the General Federation — the national network of women's clubs — as a cradle of volunteerism, a resource area brimming with potential woman-power to be used for the good of the community at both the local and national levels.

She described it, too, as a potential power source for international understanding.

She spoke of the current influx of Vietnamese refugees to this country and suggested that federation members could assist in efforts to help the refugees make a smooth transition into American society.

"I know there are some who look upon the refugee situation only in terms of the problems it may cause," she said. "But I don't think it's possible to overemphasize the importance of being rational in evaluating this situation instead of simply reacting in a negative way."

Mrs. Wagner, who took office as mayor of Prescott, Ariz., in January, has been active in federated women's clubs for 33 years in this state and Arizona.

Before being elected Prescott's first woman mayor (and, she says, the first elected woman mayor in the state), Mrs. Wagner served for six years on the city council of the 15,000 population community.

Throughout her child-raising years (she has three grown and married daughters) and her years as a public servant, she has remained active in federation work.

She said she considered that experience to be a valuable form of continuing education and urged her audience to see and make use of that potential.

"It seems to me that our 'yo-yo' members — the ones that are active or inactive depending on the appeal that our program holds for them at any given time — miss out on much of that potential for learning," she said.

"The knowledge to be gained on an overall basis by simply being familiar with the material covered in our programs is equivalent to a college education."

She said the federation is constantly seeking out and passing on to its membership the most current information available on such topics as the energy shortage, conservation, rape prevention, venereal disease eradication, alcoholism and drug abuse.

Such current issues, she said, are constantly being studied and evaluated as potential areas for action and involvement by the federation membership.

Then she posed questions to her audience.

Why bother with it all? Why volunteer? Why be involved?

Certainly not from a spirit of altruism alone, she said in answering her own questions.

Although she acknowledged that others reap the rewards of clubwomen's efforts, she said there are some selfish reasons for continued active volunteerism.

"This activity and involvement serves our own selfish interests," Mrs. Wagner said. "And I mean that in a positive way."

"Research has shown that our mental and physical capacities are very closely linked. If one ceases to be functional, the other will soon follow the same course."

"So it can be easily seen that maintaining a high level of active involvement in this club work can help each of us to remain alive and viable as a person. And in this way it can help us not only to meet the needs of others, but to meet a real need in ourselves, as well."

The CFWC's 75th anniversary convention concluded this morning with a general assembly featuring a panel presentation on rape prevention and debate and voting on resolutions.

'Open-Arms' Acceptance Of Asia Refugees Urged

By NOEL OSMENT

Our country has no choice but to welcome Asian refugees with open arms, Mrs. Harry Wagner Jr. said yesterday at a California Federation of Women's Clubs convention banquet at the Sheraton Harbor Island Hotel. Mrs. Wagner, first vice president of the General Federation, and mayor of Prescott, Ariz., — the first elected woman mayor in the state of Arizona — said that we must look at the acceptance of these people in the light of our acceptance of people throughout the history of our country. She also viewed it in terms of the future.

"Man is moving more and more to oneness in terms of the world," she said.

As an example, she cited the use of road picture signs which can be understood in any language, the proposed changeover to the metric system, the use of a satellite to beam television around the world.

She said she expects there will one day be a universal language.

Mrs. Wagner also believes we must all reassess our uses of resources, and recognize the necessity for frugality.

'EVENED OUT'

"Food and fiber will be the concern of even an affluent people like ourselves for the next 10 years," she said.

Last year Mrs. Wagner was appointed as one of 18 members of the Public Advi-

MRS. HARRY WAGNER JR.

... looks to future

sory Committee of the U.S. Department of Agriculture.

"We saw that the population figures for the United States for the last three years have approximately evened out, but that in the emerging and undeveloped nations, the figures are increasing at the rate of 17 times every 100 years."

"We as the world providers of food will have tough decisions to make."

Mrs. Wagner's talk was based on the premise that the General Federation is a "cradle of volunteerism."

"Volunteerism," she said, "is the basis of our democra-

cy, and without it our country would be in serious trouble."

She described how the federation takes responsible action through volunteerism, including seminars on energy and conservation, alcoholism and drug abuse.

Mrs. Wagner said that Federation programs can "undergird American homes, where character is developed and values learned."

THROUGH PROGRAMS

Mrs. Wagner stressed the importance of volunteerism not only to help society, but also to help the individual. In terms of the Federation, she said that women members have the opportunity to continue their education through programs planned in conjunction with governments and university extensions.

Among the industrial awards announced at last night's banquet was the \$200 Atlantic Richfield award in the conservation department to the Woman's Club of Carlsbad, Palomar District. A scholarship was presented to Ruth Cox, a junior at San Diego State University majoring in family studies and consumer service, by Ron Fischer of the San Francisco Regional Office of the Food and Drug Administration. Receiving a consumer affairs plaque was the San Diego District.

The final sessions of the four-day convention will be held today.

Councilwoman given kudos

Kudos go to Arcadia City Councilwoman Floretta Lauber again this year for her good work on Civic Day at the Woman's Club of Arcadia. Mrs. Lauber has handled the program for this annual event for several years. When she announced this would be her last year as chairman, many in the group were obviously disappointed.

The program she arranged this year was about Arcadia Public Library. Fitting because the woman's club was the founder of the city's first library and has continued to give assistance. Planters, plants, and a

solid walnut table were presented to Librarian Dick Miller this year.
